The artist who is in search of attitudes descriptive of torture, and poses depicting suffering, need not go to the Christian martyrs of old. If he could only see through the walls into the hearts of thousands of homes all over this land, he would see women undergoing tortures in silence without complaining, before which the brief ordeals of the martyrs pale into nothingness.

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangement of the delicate and important organs that are distinctly feminine. One of the worst effects of troubles of this kind is upon the nervous system. The tortures so bravely endured completely and effectually shatter the nerves. Dr. Pierce's Favorite Prescription is an unfailing cure for all weakness and disease of the feminine organism. It makes it strong and healthy. It allays inflammation, heals ulceration and soothes pain. It checks exhausting drains and tones and builds up the nerves. It fits for wifehood and motherhood. Good medicine dealers sell it, and have nothing "just as good."

"Since my last child was born, thirteen years ago, I have suffered from urinary trouble," writes Mrs. Paul Devraigne, of Jellico, Campbell Co., Tenn. "I consulted several doctors and took much medicine, but found no relief. I had very bad health for twelve years. Every month I was in bed a week before the monthly period and a week after. I was obliged to keep in bed for four months last summer. I was just like a corpse. I lost twenty-six pounds in four months. I was coughing so much I was considered in consumption. I suffered severely from pains in my back, bearing down pains in the womb, chills and cold sweats. After taking four bottles of Dr. Pierce's Golden Medical Discovery my coughing stopped, and after six bottles of Dr. Pierce's Favorite Prescription my periods became regular and were passed without pain. Now I am healthy, more so than ever before. My neighbors are surprised to see me so well."

Constitution causes and aggravates many serious diseases. It is speedily cured by Dr. Pierce's Pleasant Pellets.

THE BREATH OF ARBUTUS.

What is it in the summer air tonight
That brings me dreams of dear days long ago
And memories of hearts that have for years
Been colder than the Alps' eternal snow?
The daisy violet of heavenly blue,
The faint breath of arbutus on the air,
Bring sadly back those dear dead days
And one who told me I was fair.
We stood amid the flowers, dewy, sweet,
My hero in his coat of loyal blue.
He kissed my forehead, and said: "Farewell!
My country needs me, dear, more than do you."
There came a day. The sun refused to shine.
High heaven tried to wash away the stain.
Night spread her mantle gently o'er the field—
The south wind moaned a requiem for the slain.
Back in a corner of the garret dark
There stands an oak chest, and buried deep
Within it lies a package worn and old.
But when 'tis ashes still my heart will keep
In sacred memory the love that gave
To me the sweetest arbutus, faded, dead,
But gave to God and country all he had
And in the southland found a narrow bed.
'Tis this the south wind wants to me tonight—
Fond memory is the harp o'er which she plays—
The gentle breath of sweet arbutus flowers
And tender thoughts of forgotten days.
—R. V. B. S. in Scranton Republican.

Real Magic Number.

"I often hear of the magic number," said some one. "What number is it?"
"Why, nine, of course," replied some one else. "There are nine muses, you know, and you talk of a nine days' wonder. Then you bowl at nine pins and a cat has nine lives."
"Nonsense," broke in another. "Seven is the magic number; seventh heaven, don't you know, and all that; seven colors in the rainbow; seven days in the week; seventh son of a seventh son—great fellow, and!"
"Tush, tush," remarked a third. "Five's the number, you mean. A man has five fingers on his hand and five toes on his foot, and he has five senses, and!"
"Three is undoubtedly the magic number," interrupted another, "because people give three cheers and Jonah was inside a whale three days and three nights, and if at first you don't succeed, try, try again—three times, you see!"
This was received with some contempt by the company, and a soulful youth gushed out:
"Two, oh, two is the magic number. One self and one other—the adored one! Just us two!"
A hard-featured individual, who had been listening to the conversation, hitherto unmoved, here remarked in a harsh voice:
"The magic number, is No. 1, in this world, and if you want to succeed never forget it!"
An interval of deep thought, on the part of all followed, after which they went in silently to supper.—Brooklyn Citizen.

The Flow of Blood.

Professor Mosso, the Italian physiologist, constructed a couch so arranged that it could be accurately balanced in the middle when the slightest change of weight should make either end incline. A man was laid upon it, balanced in a horizontal position. As he went to sleep his head rose and his feet sank. As he awoke the opposite occurred, proving that the blood left the head in the one condition and returned to it in the other.

In Sweden and Norway a legal marriage is not allowed to be solemnized till both parties produce certificates attesting that they bear genuine vaccination marks.

Customers.

Little Boy—Please, I want the doctor to come and see mother.
Doctor's Servant—Doctor's out. Where do you come from?
Little Boy—What! Don't you know me? Why, we deal with you—we had a baby from here last week.—London Fun.

There is a flywheel in Germany made of steel wire. The wheel is 20 feet in diameter, and 250 miles of wire was used in its construction.

FACTS FOR TAXPAYERS.

Though the Silver party originated the great movement in favor of the re-monetization of silver, which spread throughout the United States, and gave William J. Bryan 6,500,000 votes for President two years ago, there are some Democrats, most of whom were Cleveland men, who are now secretly leagued with the Republicans to defeat the Silver men. Why this is so can only be conjectured. It may be due to Hanna's methods, but whatever the case, it is so. As the Silver men and the rank and file of the Democrats agree upon the financial question there is no reason, except the secret alliance between some of the Democratic leaders and some of the Republican leaders, why the Silver men and Democrats should not unite on a State ticket as they did on the National ticket.

The Silver platform, which was adopted unanimously and which was reported by Senator H. A. Comins of White Pine and Senator George Ernest of Nye, both of whom occupied positions on legislative committees which investigated the State expenditures, contains the following:

"We invite comparison of the four years during which the Silver Party has been in control of the State Government with the last four years of the Republican regime. The expenses of the last Republican Legislature amounted to \$51,000, that of the last Silver Party Legislature, \$29,500. The expenses of the Executive Department for the last year immediately preceding Silver party control amounted to over \$38,500, while but \$23,500 were the expenses of the Executive Department for 1897. For the last four years of Republican management \$8,000 were expended in public buildings as against \$97,000 by the Silver party. And during the periods in comparison, in support of the public schools of the State, the Silver party expended \$377,000 as against \$256,500 by the Republican party. No one can examine the foregoing and many other facts and figures which might be adduced, without the resulting conviction that the Silver party has fulfilled its promises of retrenchment with reference to salaries of State officials and the curtailment of unnecessary expenses, while, on the other hand, it has generously fostered the educational and charitable institutions of the State and wisely contributed to its public improvement."

That is a matter that the taxpayers of the State, regardless of party, should seriously consider. The expenses of the Legislature were reduced \$21,500 by the Silver men, and the expenses of the Executive Department were reduced \$12,000 under Governor Sadler's administration. Not a dollar of the people's money is expended unnecessarily. The executive business of the State is conducted as economically as that of the most prudent farmer and merchant in the State. There is no favoritism. Contracts are awarded to the lowest bidder and not a cent of the public funds is expended unnecessarily or without warrant of law.

HOW BRYAN CAN SATISFY REPUB.
LIGAN EDITORS.

Colonel William J. Bryan visited Washington recently, not for the purpose the gold men hoped, of resigning or getting the Silver Regiment, the Third Nebraska Volunteers, discharged, but to endeavor to get the sick removed from Florida to a more healthy locality. The gold papers had much to say about Colonel Bryan's visit to the National Capital and were determined to be dissatisfied with his course whether he resigned his commission or remained in the army. This leads the Chicago Chronicle to say that the only way Colonel Bryan can satisfy the Republicans is to commit suicide, or betake himself to the Klondike, the North Pole or equatorial Africa. So long as he remains in this country he will be responsible for an epidemic of hysteria and insomnia in the party of moral ideas. Not only can he do nothing himself that will suit the administration organs, but anyone who treats him with ordinary civility shares in the condemnation that is being fired at him. General Miles, for example, is getting it hot and heavy because he returned Colonel Bryan's call in Washington, the implication being that anyone holding communication with Bryan is necessarily a villain and a traitor to the state. Miles, of course, is already anathema maraatha because he has blasphemed St. Alger, but he might have redeemed himself had he acted like a boor toward Mr. Bryan. The latter gentleman will therefore see that by persisting in living he is not only disturbing the Republican organ grinders, but getting innocent people into trouble besides. Won't he favor the truly good by effacing himself altogether as speedily and quietly as possible?

The Detroit Free Press says: The force of that tornado in Ohio illustrates the danger of creating a vacuum in a State through political appointments.

WHAT GENERAL MILES SAYS.

In reply to the assertions of the Algerites that the volunteers were responsible for the sickness which incapacitated thousands and sent hundreds of them to their graves, General Miles says:

"Those who say that these men sickened and died because they wished to; those who blame the soldiers and officers of our army for the disease and death that devastated the camps and thinned the ranks; those who assert that our soldiers suffered through their own fault, insult a quarter of a million of the bravest men that ever carried arms beneath the sun."

TO THE CITIZENS OF NEVADA.

A Challenge to Republican Leaders to Prove their Assertions.

The Republican Party of Nevada at its convention held in Reno, September 15, 1898, issued a platform or declaration of Principles, which as honorable men they are bound to defend.

Among other statements made is the charge of mismanagement of the Hospital for Mental Diseases. This I denounce as an outrageous misstatement, and hereby challenge any Republican leader to meet me in joint discussion before the people, at various points in the State, there to substantiate the above charge or enable me to prove its falsity.

And I particularly issue this challenge to A. C. Bragg, Chairman of the Committee on Platform of said Convention, and a candidate for office on the Republican ticket, arch enemy to re-monetization of silver and editor of the Reno Evening Gazette, who for a number of years past has through the columns of his paper, been endeavoring to establish mismanagement at the hospital, the undoubted author of the above charge.

And to G. H. Thoma, who as chairman of the Washoe County committee on Platform, not content to endorse the above in endorsing the State Platform, reiterates the above falsehood in specific terms.

Who is G. H. Thoma? He is the physician who preceded me in charge of the Nevada Insane Asylum, whose mistreatment of the patients was of so outrageous a character that respect for the citizens of the State forbade my stating the facts in my last biennial report, Vice President of the Reno Gazette Publishing Company and standing candidate for the superintendency of the Nevada Hospital for Mental Diseases.

A political party must indeed be at a low ebb, when it finds it necessary to falsely assail the public charities of the State to bolster up its fallen fortunes and permits its party machinery to be used by disappointed office seekers to gratify personal malice.

Respectfully
H. BERGSTEIN.

Superintendent of Nevada Hospital for Mental Diseases.

Reno, Sept. 23, 1898. 6t
(Silver Party papers please copy.)

Church Notices.

Methodist Church—The newly appointed Pastor of the Methodist Church, Rev. G. H. Jones, will occupy the pulpit tomorrow for the first time. Sermon subjects; at 11 A. M., "The Prints of the Nails," and at 7:30 P. M., "Ownership, Who Holds the Title Deed?"

Baptist Church—Services morning and evening at usual hours of meeting. The Lord's Supper in connection with morning service. Rev. B. F. Hudson in the pulpit. Young People's Rally at 6 P. M. The public cordially invited to meet with us.

Congregational Church—Services at 11 o'clock. In the evening at 7:30 the pastor will continue his sermon on the Beatitudes. Everybody invited. Young people's meeting at 6:45.

Important to Working Men.

I have just received a complete and large stock of gent's furnishing goods, overalls, underwear, socks, gloves, neckties, collars, cuffs, etc., direct from the factory. Also the celebrated Bull Brithes and Levi Strauss overalls in all sizes, which I am selling at prices that defy competition. I have a large assortment of fine all wool blankets, buggy robes, saddle blankets and quilts. I have always on hand a complete stock of all the leading brands of cigars, cigarettes and tobacco which I sell at wholesale and retail. A free employment office in connection with the store.
A. NELSON.
*jy30t

Weather Report.

Following is the University meteorological report received from the U. S. Observer, San Francisco: Sunday, fair, warmer.

The statistics published by the Treasury Department show that the highest per capita circulation in thirty-eight years, was in January 1898, during the panic, when a large number of people had scarcely a dollar, and could not borrow a dollar on real estate. If the Treasury figures are correct the less money in circulation the better for the people.

E. R. DODGE,

Silver Democratic Nominee For

DISTRICT ATTORNEY.

A CARD FROM MR. LEETE.

He is a Candidate for Senator of the United States and Nothing Else.

RENO, August 22nd, 1898.

EDITOR NEVADA STATE JOURNAL.—Sir: In your issue of August 18th, 1898, you had the honor to say: "Hon. B. F. Leete of this county has been favorably mentioned as a candidate for State Senator."

Do me the kindness, please, to say that I am a candidate for a Senator of the United States from the State of Nevada, also that there is at the present time no other office in the gift of the people of the State of Nevada that I will accept, and oblige

Your Obedient Servant,
B. F. LEETE.

*a25m4

Board of Equalization.

The Board of Commissioners as a Board of Equalization considered the assessment of the Virginia & Teococ Railroad yesterday.

The Assessor valued the main line at \$8,500 per mile and side tracks at \$3,000. H. M. Yerington, Superintendent of the road, also the Roadmaster, appeared before the Board and asked for a reduction on the ground that the road had greatly depreciated in value through the falling off in business caused by the suspension of mining on the Comstock and the consequent reduction in wood and lumber shipments over the road, as well as general freight and passenger traffic.

After due consideration a majority of the Board agreed to a reduction of \$500 per mile on the main line and \$1,000 per mile on the sidetracks. The aggregate reduction amounts to about \$25,830 on the assessed value of the company's property.

NEW TO-DAY.

RANCH AND HAY FOR SALE.

520 ACRES OF LAND, ONE HUNDRED and thirty acres alfalfa meadow, the rest easily tilled and all flat land. No rocks or uneven places, with just fall enough for water to run off well. Of Eureka.

Fourth District
G. F. TALBOT
Of Elko.

Fifth District
SAMUEL J. BONNIFIELD
Of Humboldt.

PLATFORM.

The Silver Party of Nevada pledges its unwavering devotion to the principles of government laid down by Jefferson and Lincoln: That the highest duty of government is to so regulate its laws that the spirit of equality shall follow through life, giving each ample opportunity to work out to the fullest measure his possibilities, unrestricted by law, and unaffected by the conquest of his destiny by the power of the government.

The history of the movement for the restoration of bimetalism is the glorious story of Nevada's leadership. The educational work so patriotically undertaken six years ago has spread throughout the entire country. On the issue that the value of money is quantitative and not qualitative, the intellectual and political forces of nations are now battling. Mindful of her glorious record Nevada will take her place again in the conflict, not as the ally of gold, but on the side of those who struggle in the fields of adversity.

We reaffirm our devotion to the free and unlimited coinage of silver at the ratio of 16 to 1 by the independent action of the United States, and we are unalterably opposed to the Republican policy of increasing the bonded debt; of transferring the sovereign power of the government to issue money to banking institutions; of contracting the circulating medium to the single gold standard, and of increasing taxation while contraction is diminishing the means of payment.

Our faith in the loyalty, ability, and wise leadership of William J. Bryan is undiminished, and we predict for the silver forces of the United States with 16 to 1 as their motto, and William J. Bryan as their standard bearer, an overwhelming victory in 1900.

We invite the co-operation of the Republican party of Nevada who declared in their platform of May 25, 1896, as follows:

"That the Republican party of this state is in favor of free and unlimited coin-

age of both gold and silver; that it holds to this principle as a tenet of faith; that it will permit of no abandonment or modification of this doctrine; that let whosoever prove recreant to the principle of bimetalism it will remain steadfast thereto."

And who on May 9, 1896, at Virginia City, declared as follows:

"We again reiterate our steadfast devotion to the cause of the free and unlimited coinage of silver, and declare to our countrymen that the restoration of the true bimetallic standard of value as it existed previous to 1873, namely, at the ratio of 16 to 1, is an absolute and indispensable requirement before the financial system of our government will afford the people a value of stable circulating money sufficient to place the business of the country on a permanently prosperous basis."

We endorse the action of Nevada's representatives with respect to tariff and financial legislation; commending their patriotic support of the administration in time of war, whilst using all efforts to prevent the issuance of bonds.

We say to the Republican party of Nevada: Do not the beneficent results of the tariff schedules of the Dingley bill which affect Nevada, and which Nevada's Silver representatives secured, namely: wool, cattle, hides, cyanoide, and borax, fall upon us as the rain falls upon the just and the unjust? And if so, in what manner could Republican Representatives have done more?

We say to the Democratic party of Nevada: Has not the action of Nevada's Representatives on financial legislation been in keeping with the Democratic platform of 1896, and, in this respect, could Democratic Representatives have done more?

We express our profound appreciation of the tireless efforts of Nevada's grand old man, Wm. M. Stewart, not only as the leader of the silver cause in America, but for his great devotion to the cause of the State, the nation, and the world. We are proud to have been the author of many of the important measures affecting Nevada's interests which have been enacted by Congress: namely, the Carson Mint, the Stewart Institute, the establishment of the Agricultural Experiment Station, which enables the State University to receive \$20,000 a year Government aid, and the securing of a military instructor at the State University. We further commend his efforts, now likely soon to be crowned with success, to secure the payment to the State and citizens of Nevada of nearly half a million dollars for money earned in the suppression of the war of the rebellion, and Indian outbreaks. We endorse his proposal to secure legislation making Lake Tahoe and vicinity a national park, the permanent purchasing of the same, and the rights of parties whose interests are affected, as not only preserving from destruction one of Nature's grandest works, but giving the National Government control for irrigation purposes of a great lake reservoir, which will guarantee the farmers along the Truckee river more water for irrigation, and enable a vast additional area of arid land to be brought under cultivation.

We earnestly recommend the re-election of Wm. M. Stewart to the Senate of the United States, and pledge the Silver party of Nevada and the nominees of this convention to his support for that office.

To our other Senator, John P. Jones, we extend the greeting of a people who rejoice that they have such a great public servant who has honored the commonwealth which has delighted to honor him by electing him to Congress. To our other Representative in Congress, we extend the greeting of a people who are proud of him for the benefit of the whole world, and his speeches in the United States Senate upon the silver question have become the text book for those statesmen who are devoted to the interests of the whole people.

We take pride in the career of Francis G. Newlands in Congress, notably in the fact that he has risen in six years to a place among the leaders of the House, and that his influence in public affairs is becoming more and more manifest, as is shown by his great part in the annexation of the Hawaiian Islands, a consummation anticipated and desired by the American people for more than fifty years. We declare that Nevada cannot afford to lose him as her Representative in the halls of Congress.

Recognizing the importance of State development upon agricultural lines, we commend our Representative in Congress to secure for the State of Nevada legislation looking to the reclamation of arid lands, and the storage of water in reservoirs, and urge our Senators and Representative in Congress to secure the passage of the irrigation bills now before Congress, introduced by our Representative Francis G. Newlands.

The United States is now in the rightful control of Cuba, Porto Rico, and the Philippine Islands, and we are in favor of holding the same until the American people shall have time to consider and make such disposition of the new acquisitions as sound policy and the interests of the whole country may require.

We favor the construction of the Nicaragua canal by the Government of the United States of America as a political and commercial necessity.

At the last session of Congress a law having been passed providing for the settlement of the indebtedness of the Central Pacific railroad to the Government of the United States, the terms of which require the payment of the principal and interest within ten years, with interest at the rate of 3 per cent per annum, and on failure to make such settlement within one year, the mortgage lien of the United States to be to the highest bidder, we favor foreclosure according to the terms of said Act in case its conditions regarding settlement are not complied with.

Certain decisions of the United States courts having shown the Inter-State Commerce Commission of the authority and powers undoubtedly intended to be conferred upon it when originally enacted, we favor such amendments to the Act as will make it an effective protection to the people against discriminating tariffs.

The heroism and valor of the American soldier and sailor have won additional laurels during the war with Spain. The story of the brave deeds of our naval and military heroes will forever form a glorious page in American history. On land as well as sea America's defenders have proved their unswerving courage. Prudent those who fought our battles, we condemn the traitorous conduct of those officials, wherever responsibility may rest to whose culpability is due the death by starvation and disease of several thousand of our men in the United States. We commend the conduct of the war by the impartially and completely investigated, and that adequate punishment be meted wherever due.

The people of Nevada are justly proud of their University. We commend the efficient management which has made it an institution of infinite usefulness and widening possibilities. Its influence is already felt as a potent factor for the intellectual and economic development of the State. We pledge to it generous support and hearty co-operation along every line that will tend to maintain its present high standard, or conduce to its improvement.

This is the special act which the Government will carry into effect the sixth section of Article 10 of the State Constitution which provides that the Legislature shall not exceed two mills on the dollar of all taxable property in the State in addition to the other means provided for the support and maintenance of the State University and common schools. The conclusion recommends all county conventions of the Silver party to pledge their nominees for the State Legislature to carry into effect the State Constitution by passing a law of limitation of the mill on the dollar of all taxable property in the State in addition to the other means now provided by law for the support and maintenance of the State University and common schools of this State.

We invite comparison of the four years during which the Silver Party has been in control of the State Government with the last four years of the Republican regime. The expenditure of the last Republican administration amounted to \$51,000, that of the last Silver Party Legislature, \$20,500. The expenses of the Executive Department for the last year immediately preceding Silver Party control amounted to over \$50,000, while but \$28,500 were the expenses of the Executive Department for 1897. For the last four years of Republican management \$8,000 were expended in public buildings as against \$67,000 by the Silver Party. In the last four years of Republican management the public schools of the State, the Silver Party expended \$277,000 as against \$256,500 by the Republican party. No one can examine the foregoing and many other facts and figures which might be adduced, without the resulting conviction that the Silver Party has fulfilled its promise of retrenchment with reference to salaries of State officials and the curtailment of the State treasury, while, on the other hand, it has generously fostered the educational and charitable institutions of the State and wisely contributed to its public improvement.

SWISS-AMERICAN HOUSE
F. MARRE, Proprietor.
RENO - - - NEVADA.

FIRST-CLASS RESTAURANT

BIDS OR PROPOSALS WANTED.

NOTICE IS HEREBY GIVEN THAT BIDS or proposals will be received by the City Council of the City of Reno, Nevada, until 7:30 o'clock P. M. of Saturday, November 12th, 1898, at the office of the City Clerk, Reno, for the purchase of Reno Water Works bonds in the sum of \$100,000 or any portion thereof, not less than the sum of \$500. Said bonds to bear interest at the rate of six percent per annum, payable annually at their maturity at the office of the City Treasurer of Reno. Said bonds shall not be liable to taxation by said city, and the proposals will be received by said Council as aforesaid for the construction of and putting in a water system for said City of Reno, in accordance with the plans and specifications adopted by said City Council, on Monday, September 26th, 1898, which said plans and specifications are now on file in the office of said Council, at his office in the Court House of Washoe county, at Reno, Nevada, and are open for inspection at any time between the hours of 9 o'clock A. M. and 4 P. M., legal holidays excepted. Payments for the construction and putting in of said system will be made with bonds of said City of Reno, bearing interest at the rate of five percent at the times and at the places and in the manner provided by said City Council, at not less than their par value, and so endorsed upon the envelope as to indicate the fact of the inspection of all persons interested and the public generally.

The person or corporation offering to provide the best permanent system of water supply for the least number or amount of said bonds, shall be deemed the lowest bidder, provided the Council reserves the right to reject any and all bids.

B. B. PORTER, Clerk.
